**ADDENDUM TO STIPULATION**

Docket No. 2016-005  
Cause No. 222-16

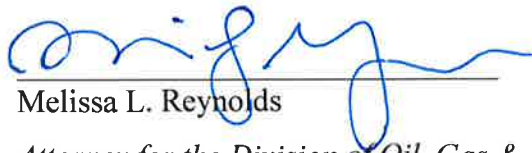

The Division of Oil, Gas and Mining (the Division) is filing this Addendum to its Stipulation for Judgment or Dismissal (the Addendum), which extends the deadline for Hinto Energy, Inc. (Hinto) to comply with the terms of the Stipulation. On June 27, 2016, Hinto requested an extension of time to complete the work required by the Stipulation. The Division has agreed to extend the Stipulation, and Hinto has agreed to the modifications of the Stipulation, as follows:

1. Hinto will conduct another Mechanical Integrity Test (MIT) on the Sweetheart 5A well by August 15, 2016;

- a. If the MIT fails to demonstrate to the Division's satisfaction that the Sweetheart 5A has integrity, Hinto will plug the well to the Division's satisfaction by October 13, 2016;
  - b. If the MIT demonstrates to the Division's satisfaction that the Sweetheart 5A has integrity, Hinto will put the well on production for the gas-to-wire project by October 13, 2016;
2. Hinto will put the Sweetheart 7 well on production for the gas-to-wire project by October 13, 2016; and
3. Hinto will have the surface reclamation work done for the 14-01, Little Boy 2, Sweetheart 2A, and Sweetheart 14-02 wells to the Division's satisfaction by October 13, 2016.

The remaining provisions of the Stipulation, including those relating to forfeiture of the reclamation bonds in the event that Hinto fails to meet its obligations, will remain in full force and effect. On or before October 13, 2016, the Division will seek an Order from the Board of Oil, Gas and Mining either dismissing this matter or entering judgment against Hinto.

Respectfully submitted on the 15<sup>th</sup> day of July, 2016.
